Last one, right?

Okay, man. Sorry!

Forget what I said before. You *do* owe me some Fried chicken, big time.

~ooof~

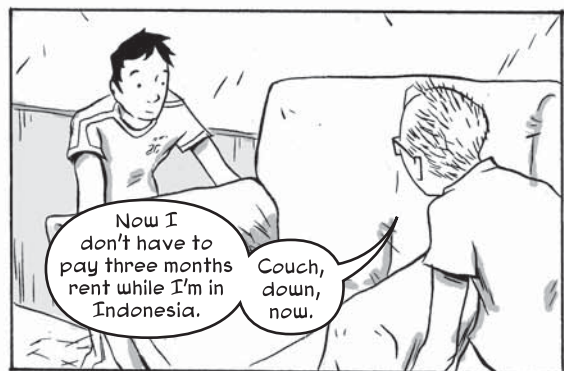

Man, how were you able to fit all this in that studio apartment?

That's why I'm moving into *your* place.

Hey, thanks for taking it.

Thanks again, by the way.

Now I don't have to pay three months rent while I'm in Indonesia.

Couch, down, now.

You've got to kick this door a little to unstick it.

The cats will run out and right back in again so don't worry about that.

Mayumi's gonna love 'em...
