Zack would like to thank:
Carly Melancon, T Edward Bak,
Dylan Williams, Ben Catmull,
Zack Parrish, Chris Palazzo,
Renee French, Jim Rugg, Tim
Johnson, Brandon White, Sammy
Harkham, Hope Larson, and the
Studygroup12 crew for invaluable
technical advice, artistic feedback,
and generally listening to me babble
story ideas and show scribbled out
layout pages to, you guys all helped a lot.

Thanks to Carly M. for dealing
with me and being my best pal and
a sweet girl (to me at least) and watching
Marx Bros. Movies with me.

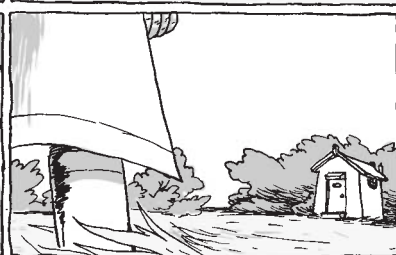

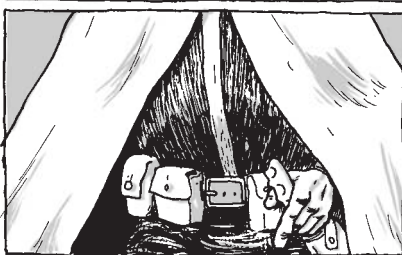

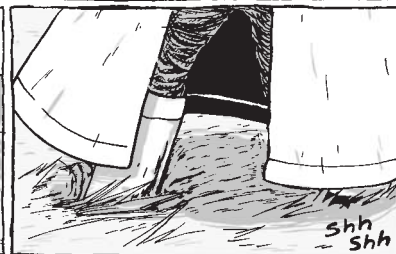

Thanks a billion times over to Chris
Pitzer, who not only decided to
publish me and give me lots of big
breaks and exposure, but also
put up with my incredible lateness
and confusion.

And biggest thanks of all go out to
my mom and dad, Donna & Domingo
Soto, for always encouraging me to
be who I wanted to be, as well as
helping me out of countless tight
spots and stupid messes I've
gotten myself into.
