New York City: The Tokyo of North America.

It's a city large enough to boast that it never sleeps, but truthfully, during the darkest nighttime hours, the Five boroughs snore as hard as anything else.

Johnny Hiro is no exception...

But that is easily
forgotten because
he loves her...

...can't imagine being
without her...

...and so he reacts before
he can even begin thinking,
"What am I thinking?"

Two times in particular had been deeply affecting, largely because they were so different from one another.
